

FOR IMMEDIATE RELEASE

**Palomar Display Products Inc. awarded a \$1.54M Contract from DRS Reconnaissance, Surveillance and Target Acquisition Group's Florida Operations**

Carlsbad, CA - March 23, 2010 - Palomar Display Products Inc. announced today that it has been awarded a firm fixed price contract by DRS's Reconnaissance, Surveillance and Target Acquisition Group's Florida Operations to deliver thermal sight display kits and spare electronics assemblies.

Under the \$1.54M contract, Palomar Display Products Inc. will deliver to DRS high resolution displays kits for the US Army Bradley Fighting Vehicle. The display kits will be built at Palomar Display Products facility in Carlsbad, California with all deliveries being completed by December 2010.

"This follow-on contract exemplifies our ability to continuously satisfy our customer needs" noted Dennis Crothers, President of Palomar Display Products. "We are extremely pleased to be selected again and are committed to providing DRS with a reliable, high performance solution."

Headquartered in Carlsbad, California, Palomar Display Products Inc. is a proven world leader in the development and manufacture of high resolution tactical targeting displays that are installed on tens of thousands of armored vehicles worldwide.
